Incoming Chairman: Steve Shepherdson, PwC

The Institute is pleased to welcome incoming Chairman Steve Shepherdson, National Industry Leader-Transportation and Logistics with PricewaterhouseCoopers. Past Chairman, Darshan Kailly, President and CEO, CF Managing Movement, faithfully served as Chairman since 2008.

Steve has over 30 years of public and private sector experience in the transportation and logistics field. He has worked for the Transportation Agency of Saskatchewan, Transport Canada, the Northern Pipeline Agency of the Federal Government, Foothills Pipelines Limited, Novacor Chemicals Ltd., Canada Post Corporation and Schenker of Canada Limited. He recently rejoined PricewaterhouseCoopers. His consulting focus is in business strategy and operations, including supply chain management, logistics, and transportation.

Steve has a BSc (General) and an MSc (Business Administration) both from the University of British Columbia and is a Certified Management Consultant.

Steve has served on the Institute's Board several years and the Institute looks forward to his leadership.

Research

Dr. Paul Metz, University of Alaska, a research associate of the Institute, recently published an abstract of his research on carbon capture and storage of gases from coal fired generation plants. The project, to be completed in December 2010, will make vital contributions to the scientific, technical, and institutional knowledge necessary to establish frameworks for the development of commercial-scale CCS.
